

**EdenPURE™**

Air-Surface Sanitizer

The world leader in products for a healthy and comfortable environment - bringing the Garden of Eden into your home.

**WHOLE-HOUSE**  
purification system

**Features:**

- G-7:
  1. Micro Filtration
  2. Hi-Efficiency, Replaceable UV/UVC Lamp
  3. Photocatalytic Process Screen
  4. Advanced Anion Negative Ion Generator
  5. Quiet Five Speed Fan
  6. Advanced Electronically Regulated Delivery of Powerful Cleansing Molecules
- Adjustable Purifier Control
- Adjustable Digital Timer
- User-Friendly Display
- "Smart" Maintenance Reminders
- Remote Control or Manual Operation
- Uses Standard Household Current
- 1 year limited warranty

**Specifications:**

- Power supply - 110v/60Hz
- Power consumption - 5 to 70 watts
- Quiet 5 speed fan - 400 CFM (max)
- Coverage - up to 3,000 square feet
- Dimensions - 12¾" (H) x 8⅞" (W) x 8¾" (D)
- Weight - 16 lbs (7.3 kg)

**RoomPURE™**

by EdenPURE™

**Whole-House benefits

The Exclusive

**EdenPURE™**

**Air-Surface Sanitizer**

The world leader in products for a healthy and comfortable environment - bringing the Garden of Eden into your home.

These amazing EdenPURE™ Air systems are loaded with exclusive technology that attacks a variety of indoor pollution sources. The EdenPURE™ doubles as a sterilizer, releasing supercharged molecules that saturate pollution embedded in contaminated fabrics, walls, ceilings, floors, carpet, furniture, clothing, countertops and all your living areas.

**Stop using Toxic Chemicals and Cover-Up Sprays!**

EdenPURE™ fights to decrease germs while making your entire home smell incredibly fresh. It does this without adding contamination from unnecessary chemicals and sprays that only mask the problem.

**Technology from Hospitals to Your Home... The Same Standard at an Affordable Price!**

The EdenPURE™ was specifically designed to add a new affordable level of protection to the exploding epidemic of illnesses that are spread from living in an indoor environment.

**Sterilization and Purification in one!**

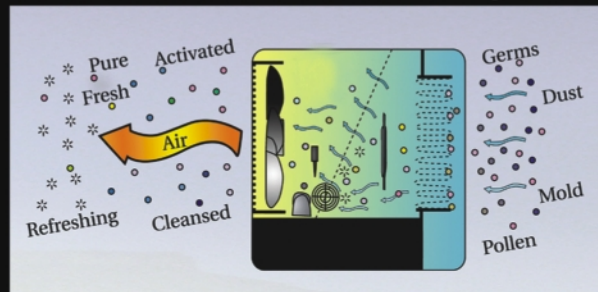

In addition to cleaner indoor air, the EdenPURE™ Air System offers surface and fabric sterilization for a truly odor-free, invigorating healthy home environment.

**Attacks:**

**In your air space and on surfaces too!**

**EdenPURE™ G-7 Blend System**

The EdenPURE™ G-7 system has 7 proven mechanisms blended together to create a new generation of the world's latest scientific advancements for the freshest, most germ-free air, surfaces and fabrics possible.

**Q. How does the EdenPURE™ help to reduce pollution without requiring the air to go through the unit, and how does it reduce pollution on surfaces and fabrics?**

**A.** The EdenPURE™ has 7 electronic mechanisms that attack pollution in a method similar to a natural thunderstorm. Thunderstorms produce highly activated oxygen which destroys pollution and puts negative ions in the air that also destroy pollution. The air then becomes ionized fresh and free of the most irritating pollutants, providing a healthier environment.

3 of the 7 electronic mechanisms in the EdenPURE™ go out, like guided missiles, to find pollution throughout the room, on surfaces, and in fabrics.

**Q. Does the EdenPURE™ reduce odors?**

**A.** This is a wonderful feature of the EdenPURE™. Odors from cigarette smoke, urine, mildew, cooking and any other odors in your home are greatly decreased. After reducing the odor in the air, it then attacks the source of the odor in carpet, furniture, wallpaper and clothing.

**Q. What are the health benefits of the EdenPURE™?**

**A.** It puts healthy negative ions into your environment, helping you to sleep better and to have much more energy during the day. Obviously, with fewer toxins in your environment, you have a very good chance to look better, feel better, have more energy and be more mentally alert.

**Q. How does the EdenPURE™ G-7 compare to other similar models?**

**A.** We believe the EdenPURE™ G-7 to be superior in performance at half the cost of any competitor. In addition to having a "hands-free" control, the EdenPURE™ G-7 comes complete with all the latest technology available for indoor air treatment.
